<i>should be enough</i>	<i>was years ago</i>

Hi Olivia,

I'm trying to organize a surprise party for my sister (1) ,who will be 18 next week, but I don't think I can do everything myself. When I was a student (2) , which was years ago, I used to arrange huge events for my rowing club all by myself, but I must be out of practice. Could you help me please?

Last week (3) , which was a very busy week, I booked the community centre (4) , which I know is a great place to have a party, because they had a special offer. I need some help with the food (5) , which should be easy to prepare, and the drinks. I also need to make a birthday cake on the day.

I've booked the centre (6) , which normally closes at 11pm, until midnight, but we can stay until 12.30. We can use this extra time (7) , which should be enough, to clean up. At a party we went to last year, the neighbours (8) , who were really old and miserable, complained about the noise (9) , which wasn't even very loud, so we couldn't play music after 11pm. We'll be able to have a proper party this time, though, because the community centre is in the middle of a sports field, so no one will hear us.

Anyway, could you help me for an hour or two before the party (10) , which will start at 8pm, to help me get things ready? The DJ (11) , whose record collection is amazing, is

booked and I've invited everyone already. Sophie (12) , who is my sister, keeps her address book with her all the time, but I managed to print out her email her address book on Friday.

Thanks Olivia,

Sarah
